

FlexMatrix™ and PREMICUT™ Technology 13 gauge A4 XTech™ polyurethane coated glove with ANSI impact level 2 protection.

KEY FEATURES

- **FlexMatrix™ Impact Protection** - A matrix of small, flexible protective elements creates continuous impact coverage that moves naturally with the hand, providing flexibility, comfort, and breathability without the bulk of traditional sewn-on TPR pads.
- **PREMICUT™ Technology** makes the glove (without TPR part) **more than 20% thinner** than many traditional gloves of comparable 13-gauge construction, providing a smoother, softer, and more comfortable feel.
- **Touchscreen compatible** for convenient operation of touchscreen devices.
- **Bright hi-vis color** enhances worker visibility and supports PPE compliance in busy industrial settings.
